

TIDAL COAST TERMINALS – PRINCE RUPERT, B.C.  
LOGS. LUMBER. AGGREGATE. PROJECT CARGO. STEEL.

# WE HANDLE IT ALL

## Why Tidal Coast Terminals?

Operated by Coast 2000, Tidal Coast Terminals was founded in 2008 to compliment traditional breakbulk log shipments from Northern BC. With a focus on cargo reload, log sort and terminal handling services for Forest Products, Steel and Project Cargoes, TCT can handle your cargo. TCT is proud to be Prince Ruperts' largest Green Marine Certified Transload Facility.

## About Coast 2000

Coast 2000 is Western Canada's largest integrated logistics facility, linking cargo moved by rail, barge and truck to global markets in Vancouver and Prince Rupert. Our location in Richmond BC provides full depot services for all container carriers calling the Port of Vancouver and a multimodal transload facility.
